March 2023

Dear Year 6 Student

Year 6 Transition to Secondary School

I am writing to welcome you to Enfield County School for Girls this September.

I am very excited that you are joining our school and am looking forward to meeting you.

Thursday 6 July is our Parent Information Evening and Friday 7 July is our Year 6-7 Transition Day and you will be invited to join us in school for one of those days to meet some of our members of staff and students, and to begin to familiarise yourself with your new school.

You might be joining us with other students from your primary school or you might be the only student coming to us - students join year 7 from over 67 different schools and we are delighted that you are one of them!

We know that students can feel quite nervous about the idea of moving to secondary school but I don't want you to worry about anything - that is our job!

We want you to settle in with us, be happy and be able to do your best in September and we will work hard to make this happen.

What I would like you to be doing for the rest of this academic year is making sure that you complete your year 6 learning as well as you can and make the most of every learning day, because this will give you the best start in year 7.

As we move through the next few months, more information will be posted to you to make sure you have everything that you need from us in advance of your summer term transition day and September.

In the meantime, say hello to the grownups who look after you from me and tell them that I am looking forward to also meeting them.

With love from

Ms Gumbrell
